*To the Members of the Board of Trustees of Lebanon Valley College:*

The Finance Committee is herewith presenting its report for the fiscal year beginning September 1, 1929, and ending August 31, 1930. A supplementary report giving a record for a portion of the fiscal year will be ready for distribution at the meeting of the Board.

The report has been changed in a number of instances in order to indicate more clearly the operating cost of the institution. The Balance Sheet has been re-arranged to show the additions that were made to the endowment fund, and the net worth of the College.

Another added feature is the Schedule of Income and Expenditures divided into groups to show the comparison between the two items in each group. The summary of these statements as shown on page nine, indicates that the College was operated at a loss of \$40,511.28. If, however, the income of the endowment was added to the receipts of the college department, which is permitted by all of the authorities on college finance, there would be a surplus of \$11,354.76.

There are also a number of supporting schedules giving in more detail the operation of the Library, Extension, Summer School, Dining Hall, and Dormitories.

### **Endowment**

Very little has been added since the last meeting of the Board. The schedules, included in the report, as shown on the Balance Sheet of the endowment on page nine, indicates the amount paid into the fund. On page fourteen is shown the source from which these funds were received. A list of Trust Funds has also been rearranged to show how the income is distributed.

### **Student Accounts**

The number of students was slightly larger this year, and with the addition to the rate of tuition, the total charges were increased by 5.61. In spite of the business depression the difference in the outstanding accounts at the time this report was sent to the printer was less than one per cent higher than last year at the same time.

### **Repairs**

Only a limited amount of repairs were made during the summer of 1930. A new roof was placed on both the Library Building and the Heating Plant. A stone retaining wall was erected along the south side of the campus. The toilet rooms in the Administration Building were reconstructed and add materially to the comfort of the students.

The Finance Committee has decided to spend \$25,000 for repairs and equipment during the 1931 vacation. This will include the change of the third floor of Engle Hall to permit its use by the Music Department. The balance will be used to modernize North Hall and for the reconstruction of the heating main between the Men's Dormitory and North Hall.

*Chairman, Finance Committee*
